

Ways to earn the Girl Scout Cookie CEO patch pin:

1. **A Cookie Rally** – when your service unit holds its cookie rally – pitch in and take ownership of a cookie rally station. Plan an activity (it can be a game or a craft) that will help girls learn more about the cookie program. Prepare the supplies needed, decorate your activity site and then help girls at the rally with your game or project.
2. **Do you know of a troop that has a lot of first time cookie sellers?** If so, here is a chance for you to become a Cookie Captain. After reading the Cookie Rookie patch requirements, help your Daisies and Brownies become Cookie Rookies. Show the Cookie Rookie video and complete at least two activities.
3. **Even though girls have attended a rally and earned their Cookie Rookie patch they still need Cookie Captains when booth sales start.** Cookie Captains can give them selling tips, product information, help making change and show them how a Girl Scout always treats their customers and the property they are on with respect. **You must attend at least two booths to complete this requirement.**
