More Information on Back

Join us!

We are issuing a **Sea Scout Challenge** to Girl Scout groups in the Tampa Bay area to help keep our marine environment healthy. As a reward for completing a service project, registered Girl Scouts will be presented with a special award and a certificate to commemorate their achievement, as well as reduced admission (*\$10 for scouts, \$12 for adults*) at The Florida Aquarium to help us celebrate World Oceans Day on June 6th. During their visit, Girl Scouts will also have a chance to complete badge requirements. All they need to do is bring a poster documenting their project!

Join us on **May 2nd** to learn about service projects your Girl Scouts can do that will have a positive impact on marine and costal environments. You will discover how to:

- Help Girl Scouts choose age appropriate service projects
- Motivate your Girl Scouts to take action
- Keep the service project scout-lead

We will also discuss:

- Poster displays for Sea Scout Day
- Activities to do with your Girl Scouts during your June 6th visit.

Hope to see you there!

Interested in participating in the Sea Scout Challenge?

Space is limited so please call our reservations department at **813-273-4015** to reserve a spot. Registration for the Challenge will take place at the end of the workshop. This workshop is recommended for Girl Scout leaders and co-leaders only.
