

Locating Courses in gsLearn

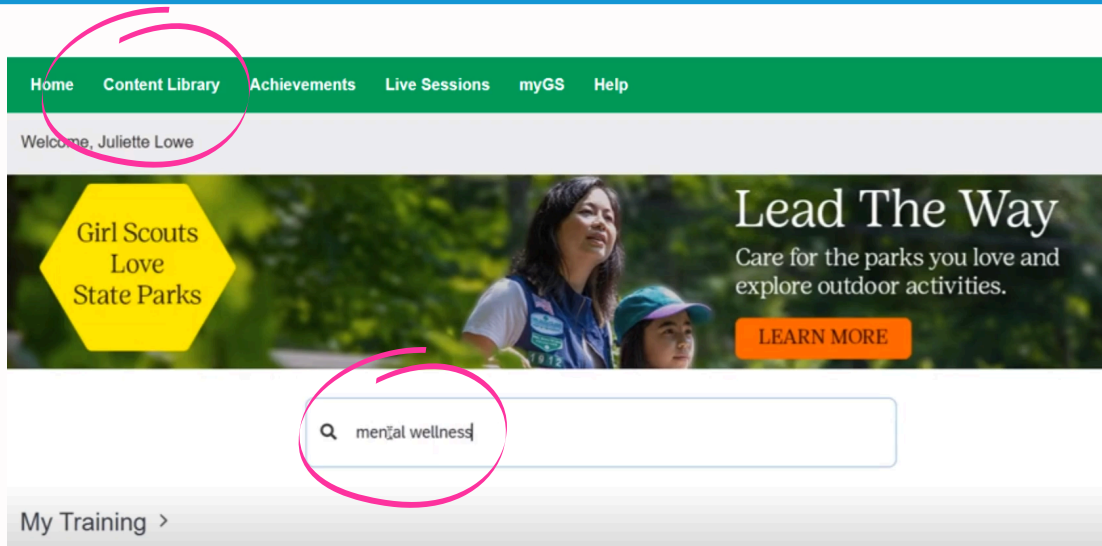

Start by logging in to your MYGS account from the Girl Scouts of West Central Florida website, gswcf.org.

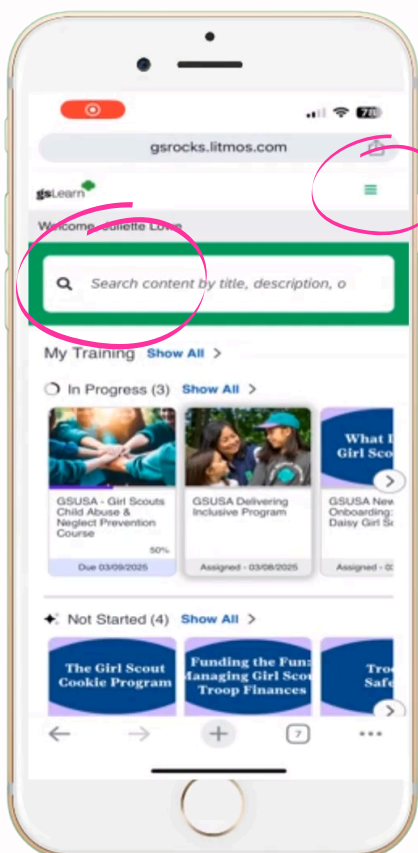

You will want to do this on a computer - mobile devices cause formatting issues where volunteers cannot see the navigation menu to locate courses in gsLearn.

Select gsLearn from the left-hand navigation menu on the homepage of your MYGS account.

All courses can be found by using the search bar on the gsLearn homepage or the Content Library found in the upper left hand corner of the screen.

If you are accessing training through a mobile device, the search bar will be located at the top of gsLearn home page and the Content Library can be found by clicking on the three bars in the upper right hand corner of the screen.

Frequently searched training in gsLearn:

- 320 New Leader Learning Path
- 320 Traveling Troops
- GSUSA Delivering Inclusive Program
- GSUSA Mental Wellness 101
- GSUSA Girl Scouts in the Outdoors
