

Accessing gsLearn from your Phone

Note: If having trouble with gsLearn on mobile devices verify if the following settings are **disabled**: “Prevent Cross Site Tracking” and “Block All Cookies.” Please check the settings if you are getting a “Access Denied” or “No Permission” message.

• Go to www.gswcf.org

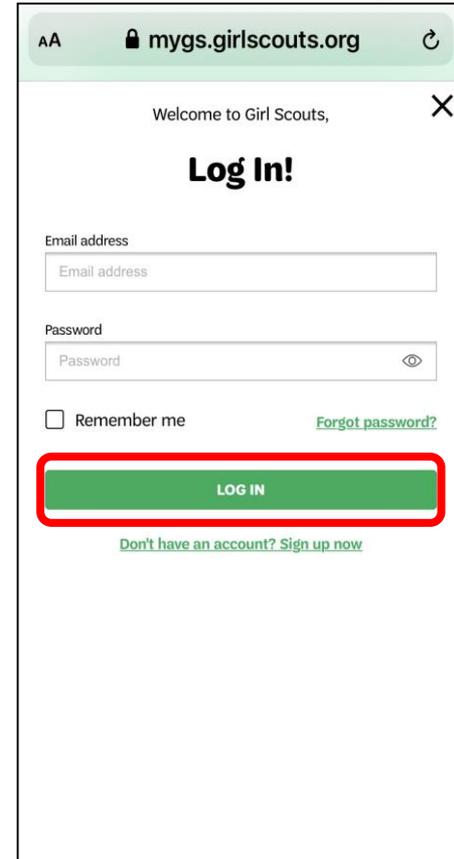

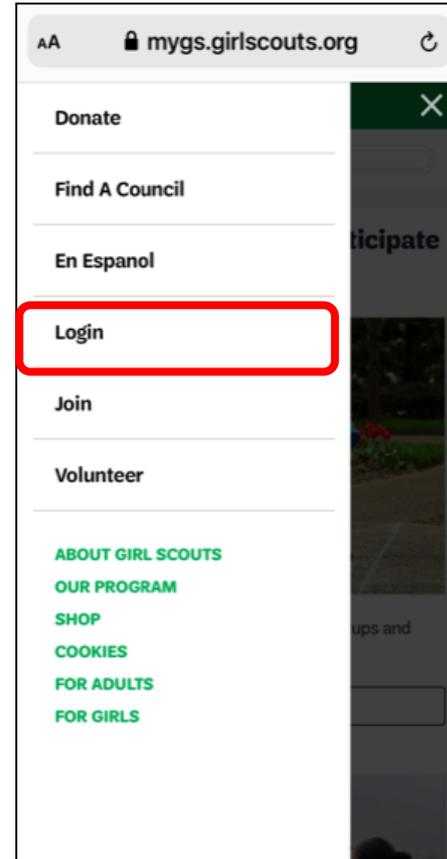

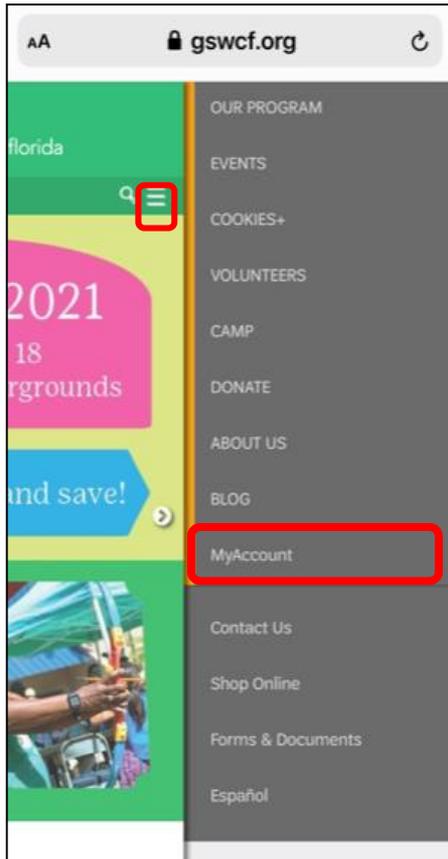

• Tap “Menu” Icon

• Tap “MyAccount”

• Tap “Menu”
Icon

• Tap “Login”

• Enter your
account info
• Tap “Log In”

Click “**Forgot Password**” if you don’t know your password. Please contact customerconnections@gswcf.org if you are having trouble with forgot password or cannot create an account.

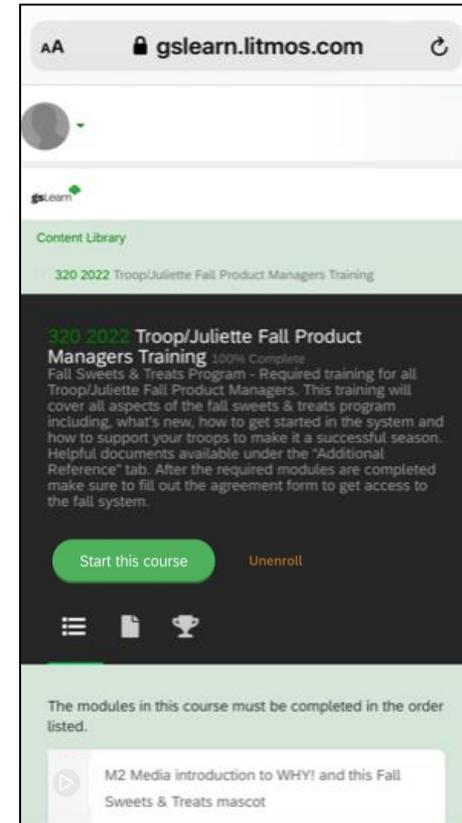

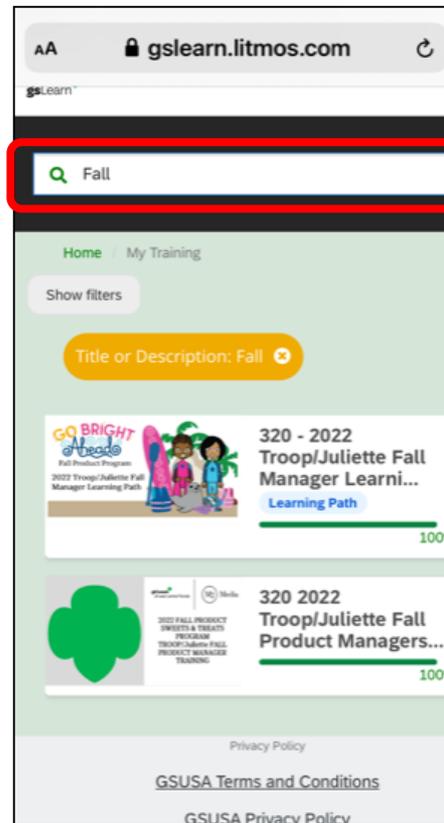

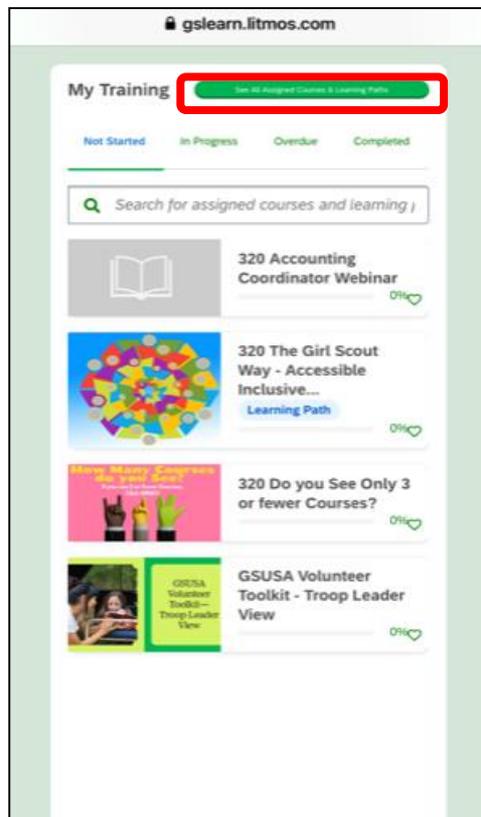

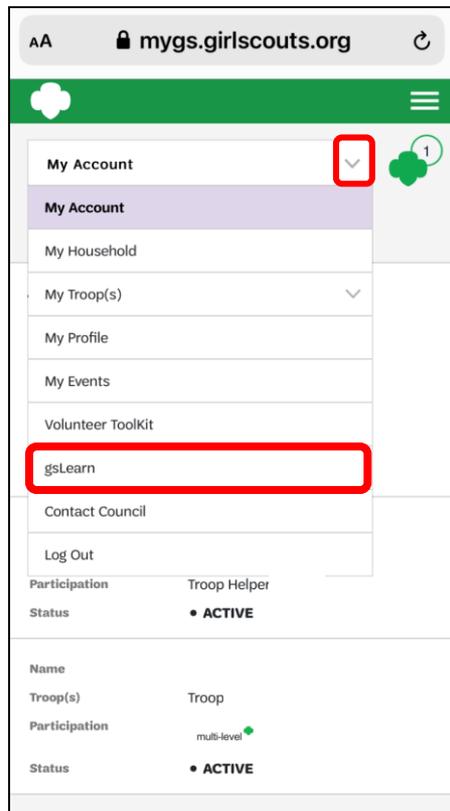

Accessing gsLearn from your Phone

- Tap Caret “v” Dropdown Icon
- Tap “gsLearn”

- Scroll down to “My Training”
- Tap green button “See All Assigned Courses & Learning Paths”

- Enter in Topic “Fall” or “Cookie” in search box to filter
- Tap on course or learning path

- Tap “Start”

Please contact adultlearning@gswcf.org if you are having trouble with not being able to login into gslearn or productsales@gswcf.org if not seeing Fall or Cookie training assigned.

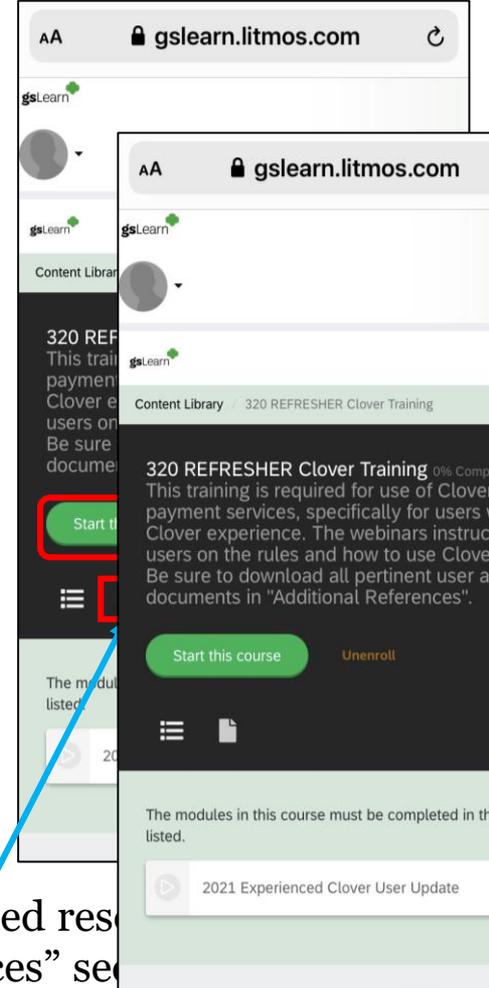

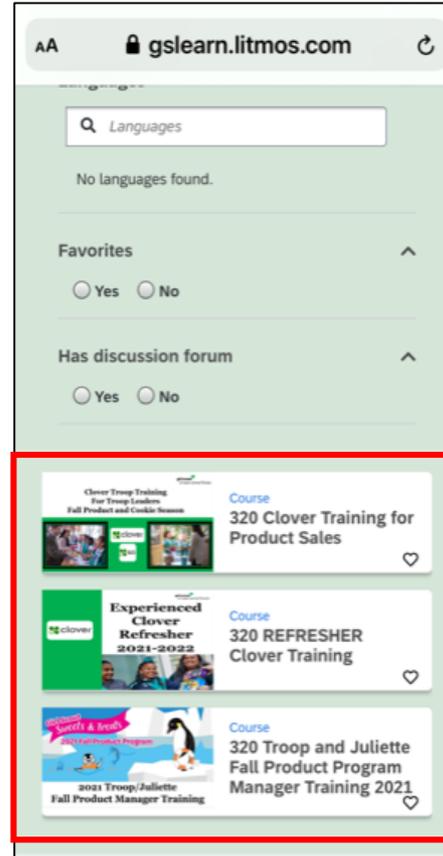

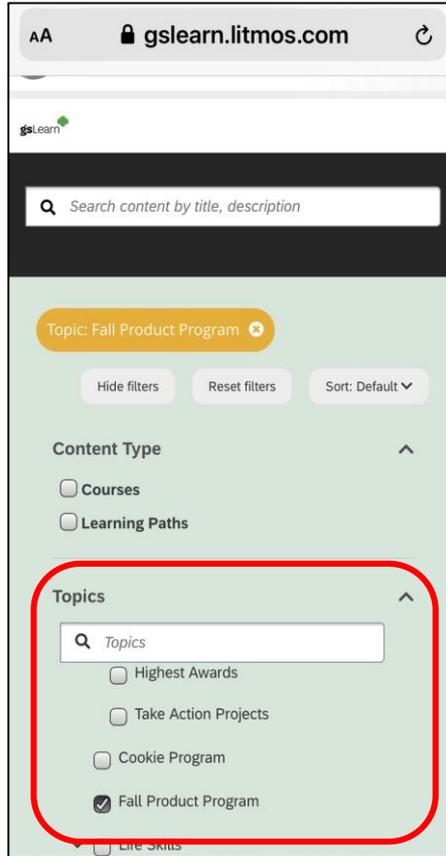

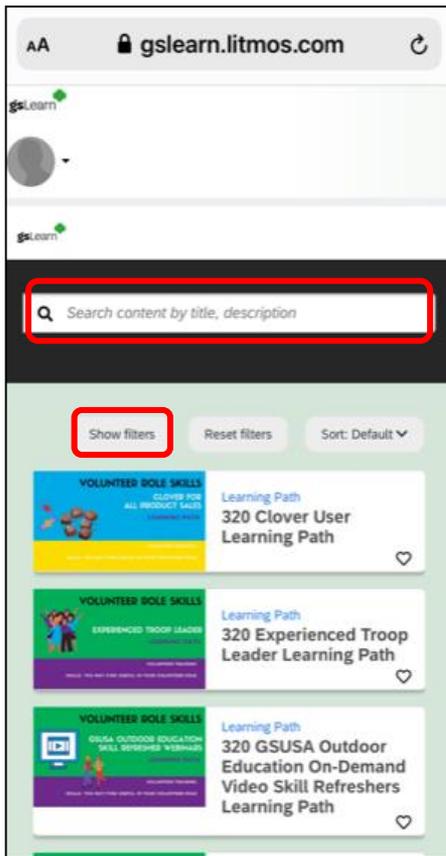

Accessing gsLearn from your Phone

- Search Content Library - Enter “Fall”, “Cookie” or “Clover” to search
- **Or Tap “Show Filters”**

- If using “Filters” - Select the topic(s)

- Scroll down to see the courses.
- Tap to Select

- Tap “Start this Course”
- Complete any form links provided in training modules

- Remember to download any needed resources found in the “Additional References” section
