# Accessing gsLearn from your Phone
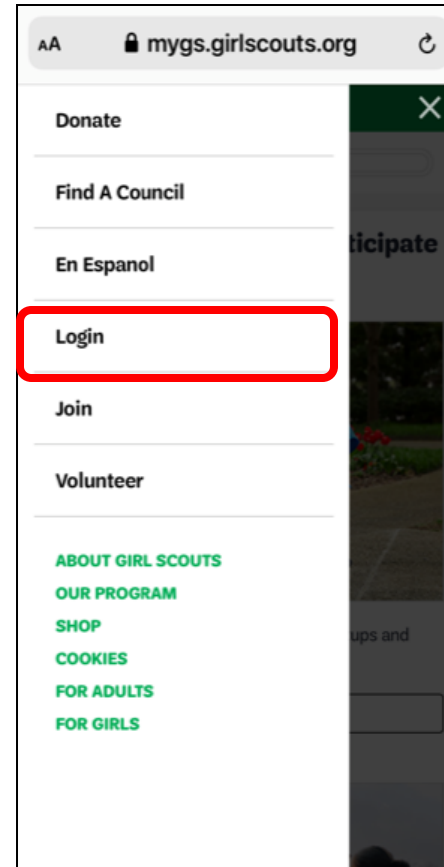

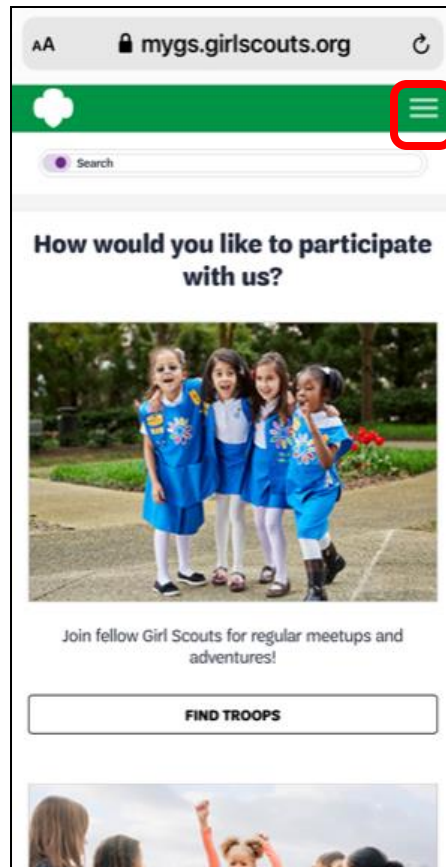

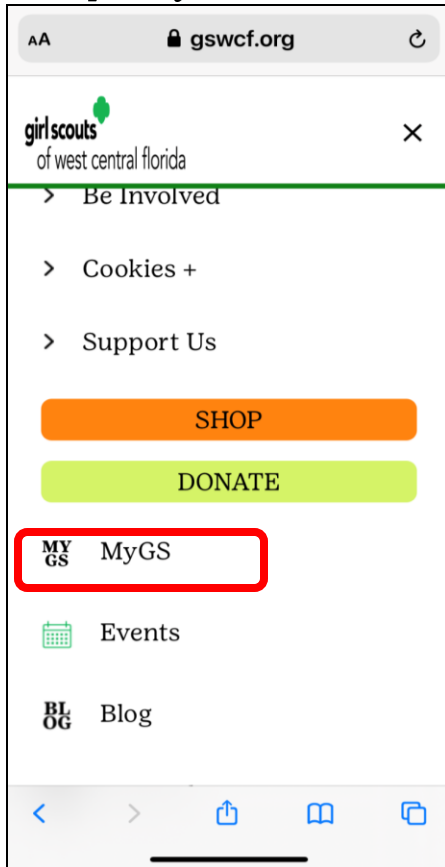

Note: If having trouble with gsLearn on mobile devices verify if the following settings are **disabled**: "Prevent Cross Site Tracking" and "Block All Cookies." Please check the settings if you are getting a "Access Denied" or "No Permission" message.

• Go to www.gswcf.org
• Tap "Menu" Icon
• Tap "MyGS"

• Tap "Menu" Icon

• Tap "Login"

• Enter your account info
• Tap "Log In"

Please contact info@gswcf.org if you are having trouble with forgot password, need email updated in gsLearn, cannot create an account, or need access full to Content Library or assigned to a team. Email info@gswcf.org with your name, role, 5-digit troop number and SU
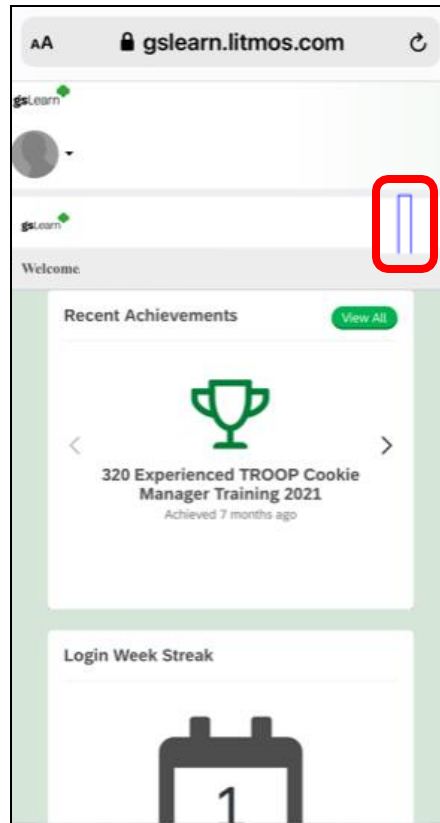

Accessing gsLearn from your Phone
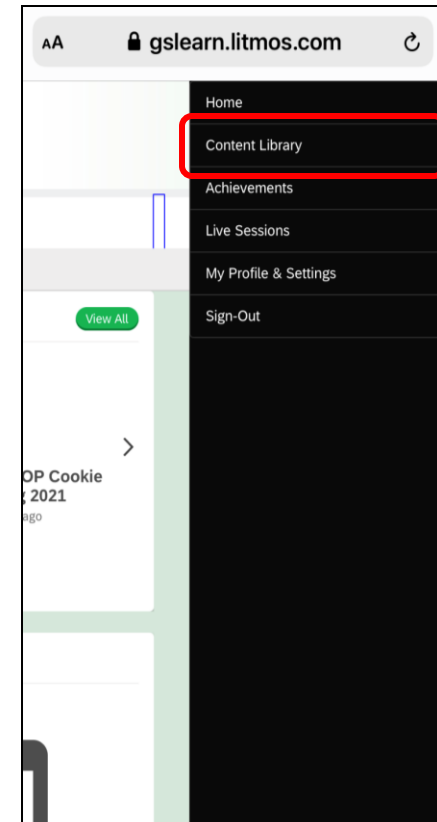

How to find in Content Library

- Tap Caret "∨" Dropdown Icon
- Tap "gsLearn"

- Click or swipe to bring up menu (it may not be visible but touch the right side of the white box to click or swipe)
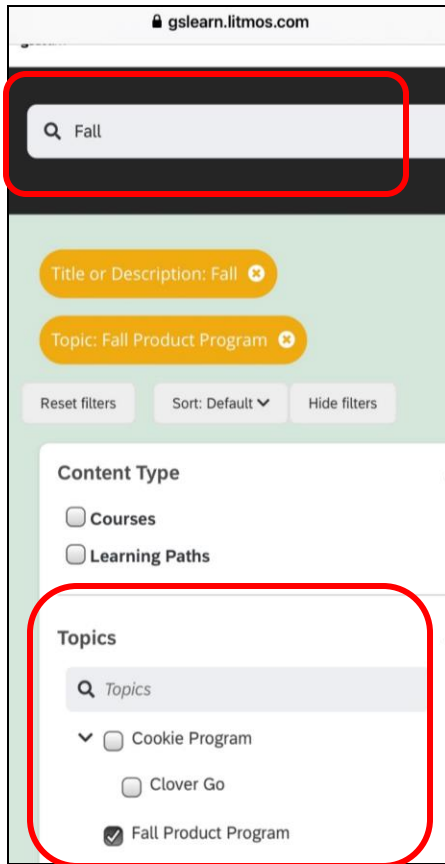

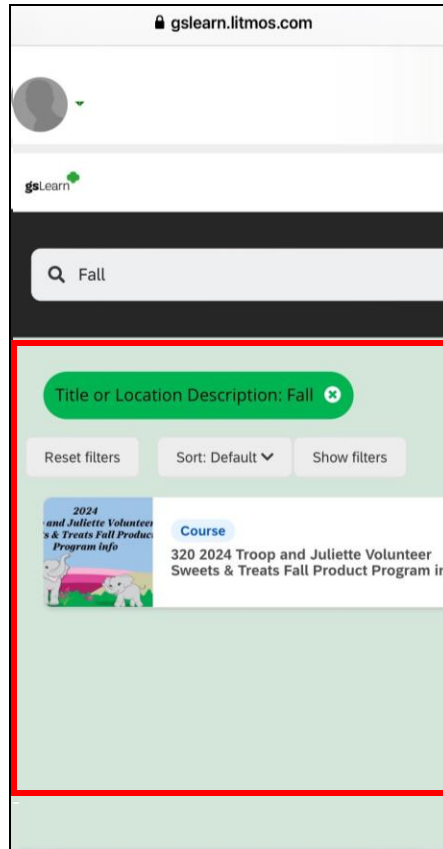

- Click "**Content Library**"

Please contact info@gswcf.org send your name, role, 5 digit troop number and SU if you need help to view training if not found in Content Library.
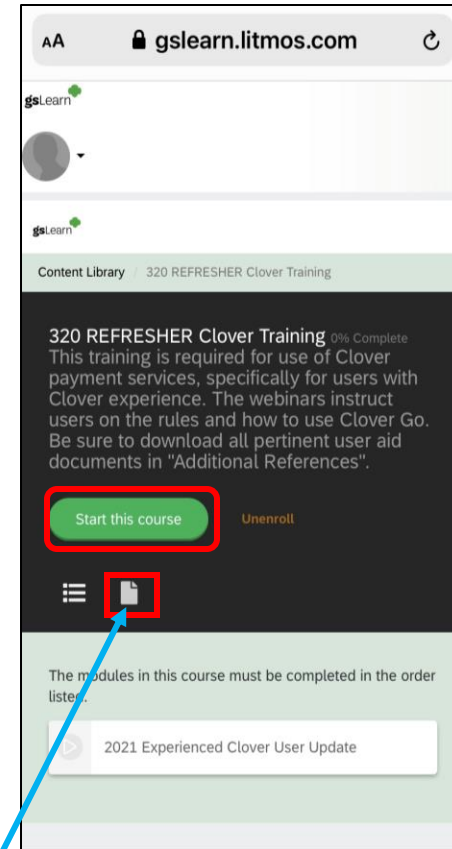

Accessing gsLearn from your Phone

- Search **Content Library** - Enter "Fall", "Cookie" or "Clover" to search
- Or Tap "Show Filters" to choose topic

- Scroll down to see the courses.
- Tap to Select

- Tap "Start this Course"
- Complete any form links provided in training modules

- Remember to download any needed resource materials found in the "Additional References" section.
