

How to play Charades:

Charades is all about acting out words or phrases without speaking - A great game to play just for fun!

No teams. No timer, and we've placed some cards below to generate ideas to get you started! If using cards, place all the charade cards in a hat or a bowl.

The Charades Challenge: Get creative and switch it up! Tag your friends on your favorite social media platform and see if they can guess your ACT with a simple clue or gesture! Then Tag us @gswcf!

Rules: No words, no pointing at objects in the room. Only Clues! Here are some of the most commonly used [CHARADE CLUES, SIGNALS or GESTURES](#). You can choose to keep score or not!

You are the host, you go first. Perform the first act, using your acting skills, imagination and clues to explain what is written on your card without using any verbal communication! Then slowly incorporate signs and gestures generally used in the game to give your challengers clues to obvious terms, like the number of words in the phrase or the type for instance: music or movie and so forth.

First player to guess the clue correctly goes next! Ready, let's play Charades!

Be sure to follow us on Tik Tok to see the Girl Scout Charades Challenge, then tag us in your post @gswcf using the hashtags #GirlsScoutsAtHome and GSArtshow!
