

How (and When) to Hire an Outdoor Facilitator

Are you coming to one of our GSWCF camps with your troop but you or your troop parents don't hold the needed certifications for programs like archery, swimming, or pottery? Then you'll need an Outdoor Facilitator. Refer to [Safety Activity Checkpoints](#) to find out what activities require special certifications.

Volunteers cannot hold some of these special certifications, and you must contact GSWCF for a Staff Facilitator. This includes [Equestrian](#), [Challenge Course](#), and [Homestead](#) programming (each of these has been hyperlinked to the appropriate request form).

Here's how to go about hiring an Outdoor Facilitator for all program areas that don't require the facilitator to be GSWCF Staff.
