

STEM Challenge:
How long of a chain can you make with just one sheet of paper?

As Girl Scouts, we each bring our own perspective or perception to each task and this is why we sometimes disagree. By listening to one another, we can work out the best possible way to complete a task. What is a *chain*? A chain is anything that is connected. A *chain* of events, a *chain* reaction, a *chain* necklace. Make it a game at home and show us your creative side to see who can make the longest chain! Then, share it on social media tagging us @GSWCF and using the hashtag #GirlScoutsAtHome

Name your Chain: _____

Prediction: How long of a chain do you think you can make with one sheet of paper?

Draw your Idea Here!

Plan: How will you make your chain?

Draw your final product here, then share it on Instagram or TikTok and tag us @gswcf!

Final Thoughts?

How long was your chain?

How could you have made it longer?
