

Travel the World

From the comfort of your couch

Whenever we're planning a trip, we look up places we would love to see and activities we'd like to do. While we can't physically visit any of the places we may want, with all this time we have, we can get to know every interesting part of the world through our devices and phones.

Have you taken a virtual tour of any Museum?

- - Check out Google's guide.- <https://artsandculture.google.com/partner?hl=en>

Have you looked at what our parks and zoos look like right now?

- Go for a nature Walk. - <https://artsandculture.withgoogle.com/en-us/national-parks-service/parks>
- Dive down- https://sanctuaries.noaa.gov/vr/?mod=article_inline
- Tour the farm - https://www.farmfood360.ca/?mod=article_inline

Have you seen city art and graffiti from all around the globe?

- Gaze at the landscape- <https://streetart.withgoogle.com/en/world-collection>

Besides all this cool virtual tours the places we also have [Google Earth](#), which allows us to visit everywhere else, from the Roman Coliseum to The Great Wall in China.

Let's go on a scavenger hunt!

Did you know there are 20 carousels in Paris?

Have you seen the Bears in Berlin?

Have you googled Construction Barriers in Japan?

Do you know how many Lions there are in China?

Find peculiar and unique places with Google Earth and share your findings with us! Crop yourself into the picture using freeze frame on TikTok or any other picture editing app.
